Cyber Dawn, Rev B: the power wiring on one sheet

Rev B 2026-10-31: solar removed, one 16340 cell, USB-C through the rear panel · 2026-11-08: the sunrise lamp's tap at the cell

A dot is a joint. A line that hops over another does not touch it. Thick = wire you solder or plug. Brass = JST-PH plugs and the STEMMA QT chain. Every ground symbol is the same ground.
