10 mm square

SCALE CHECK: this bar must measure exactly 50 mm on paper. If not, reprint at 100 % / Actual size.

Pocket AI mock-up templates, 1:1, from the builder's caliper measurements of 2026-09-28. Cut on the solid lines.
Dashed = still to measure (lit area, USB plug). Heights are not shown: tallest part is the amplifier, 18 mm with pins.
